

UNMESHAN

A Wing of ACBRE Trust is going to organize an online Workshop on

AI Customization & Quantum Computing

Workshop Details

Date: Sunday, 9th August 2026 **Time:** 2:30pm-4:30pm

Mode: Online

Registration Fee:

Category	Registration Fee
General Participant	₹99
Promotional Collaborator	₹299
Institutional Collaborator	₹999
Industrial Collaboration	₹1999
Foreign participants	\$25
Invited participants/speakers	Nil

Program Idea:

The "AI Customization & Quantum Computing" workshop is designed to introduce participants to the next generation of intelligent technologies. The program explores how Artificial Intelligence can be customized to solve real-world problems and how Quantum Computing is expected to transform computing, optimization, and machine learning. Through interactive sessions, live demonstrations, practical examples, and discussions on emerging trends, participants will gain foundational knowledge and insights into future applications. The workshop is suitable for students, researchers, educators, professionals, and entrepreneurs who wish to develop future-ready skills, understand AI innovation, and explore opportunities in the rapidly evolving fields of AI and quantum technologies. **Anyone interested can attend the program.**

Interested participants, speakers, collaborators register here:

<https://forms.gle/6f8BypATdm6KVwQR9>

Session 1: Artificial Intelligence and Quantum Computing – driving force for Fourth Industrial Revolution

Speaker: Abhishek Chakraborty

Title: Artificial Intelligence in Nutshell

Speaker: Dr. Tamal Sarkar

Title: From Vectors to Vision: The Secret Mathematics of Machine Learning

Speaker: Dr. Kabita Sarkar

Title: Hybrid Tensor Eigenanalysis for Customizable AI Using Quantum-Accelerated Optimization in Industry 5.0

Speaker: Abhishek Chakraborty

Title: Quantum Computer Basics

Session 2: Application of AI Customization

Speaker : Mr. Hritam Sarkar

Title: Customizing AI

Organizer: Unmeshan Team

WhatsApp No: : 8617044563
